

Dear Adams Parents and Drivers,

As a Premier Green School, we encourage parents and students to travel to and from school by walking, biking, carpooling and taking the bus. For those families who need to drive to and from school it is important that traffic rules are observed to create the safest possible environment for all the students entering and leaving the building on three streets.

For all drop-off and pickup areas:

Please remind students to always cross the street in the crosswalks.

Please DO NOT block crosswalks with your vehicle.

Please do not park in any area marked yellow.

Please only drop off students on the school side of the street.

1. Buses drop off and pick up students on 22nd Street. Parents should not drop off students on 22nd Street when buses are present or at times of high traffic. Visibility is very poor when the buses are in the street.
2. Upper Wing students may be dropped off by parents on Adams Street. The church has graciously allowed parents to park temporarily while they walk their child to class.
3. The safest drop-off and pickup zone to use is in the parking lot. Please have your child wait along the sidewalk as designated on the map. Parents should not wait in parked cars in the parking lot for their children as they often run across the parking lot to meet parents in parked cars. Please help keep the traffic here flowing by moving forward as possible. Please do not idle in the drop-off lane.

The safety of the children is our number one priority. Please allow plenty of time to get to and from school, obey speed limits, and drive respectfully and carefully. Your cooperation is greatly appreciated!
